

Recent additions to the LuxHedge Alternative UCITS fund database

During January 2017, we recorded a strong net growth of 5BEur in Assets under Management that entered into Alternative UCITS funds. We added 21 new Alternative UCITS funds to our database, all of which offer daily liquidity. The biggest inflow in number of funds is seen in equity long/short and equity market neutral alternative funds.

Below an overview of the recent fund launches and additions to our database.
